## FINDINGS OF FACT

1. The Board is the duly constituted authority for the regulation and control of the practice of allopathic medicine in the State of Arizona.

2. Respondent is the holder of license number 25797 for the practice of allopathic medicine in the State of Arizona.

3. On March 28, 2008, the Board received information that Kingman Police had arrested Respondent the previous day. Respondent was charged with 10 felony counts of aggravated assault, 9 felony counts of sexual abuse and one misdemeanor for assault related to incidents involving subordinate female coworkers at his workplace, a medical center. In addition, Kingman police have received verbal reports of two patients complaining Respondent touched them in a sexual and inappropriate manner.

4. Based on the information in the Board's possession there is evidence that the public health and safety requires that Respondent's practice of allopathic medicine be restricted while the investigation of this case continues.

## CONCLUSIONS OF LAW

1. The Arizona Medical Board possesses jurisdiction over the subject matter hereof and over Respondent.

2. The Executive Director may enter into a consent agreement with a physician if there is evidence of danger to the public health and safety. A.R.S. §32-1405(C)(25); A.A.C. R4-16-504.

## ORDER

IT IS HEREBY ORDERED that:

1. Respondent's license to practice allopathic medicine in the State of Arizona is restricted in that he must have a female chaperone present at any time he treats or examines a female patient. Respondent must have the chaperone document her

1 presence in the chart. The chaperone must be a licensed healthcare professional.  
2 Respondent must notify any facility where he practices of the consent agreement and its  
3 requirements.

4 2. Board staff shall conduct random chart reviews.

5 3. Respondent agrees to submit to an inpatient psychosexual evaluation at a  
6 Board-approved facility, at his own expense, within the next 30 days and follow all  
7 recommendations. The facility or evaluator shall provide a written confidential evaluation  
8 report to the Board or authorized Board staff. The facility or evaluator is conducting the  
9 evaluation and report solely for the benefit of the Board, thus the facility or evaluator is not  
10 treating Respondent as a patient. Respondent shall authorize a release of information  
11 between Board staff and the facility or evaluator to include all records relating to  
12 Respondent's current or previous medical or psychological/psychiatric history and  
13 diagnoses. Failure to complete any portion of the evaluation is a violation of this Interim  
14 Order. Based upon the result of the evaluation, Board staff may modify the practice  
15 restriction.

16 4. Respondent shall provide a copy of this Order to the facility or evaluator  
17 conducting his evaluation.

18 5. As Respondent is undergoing the psychosexual evaluation pursuant to a  
19 Board Order, he shall instruct any attorney retained on his behalf not to contact the facility  
20 or evaluator. Any questions or concerns about the evaluation must be addressed directly  
21 to Board staff.

22 6. This is an Interim Agreement and not a final decision by the Board regarding  
23 the pending investigative file and as such is subject to further consideration by the Board.  
24 The Board reserves the right to take additional action if new information is presented.  
25

1        7.     This Order supersedes all previous consent agreements and stipulations  
2 between the Board and/or the Executive Director and Respondent.
